	<p>interested in hosting visiting students (depends on the availability).</p>
<p>UExternado Hostees Programme <i>(in process to be active)</i></p>	<p>Being a citizen of the world implies connecting with different cultures and interacting with people from all over the planet; the <i>hostess</i> program allows Externado's students to have that experience from the Exchange programmes.</p> <p>This program allows to Externadistas to accompany and guide international students who will arrive in every exchange semester. The main role of a <i>hostee</i> is to be an ambassador of the Externado and of Colombia for international students. Playing this role opens the opportunity for Externadistas to learn about different cultures and to establish contacts and relationships throughout the world.</p> <p>As soon as international students are accepted, the <i>hostee</i> assigned to each international student will contact him/her and be his/her reference and support for its exchange academic period.</p>
<p>Professional Volunteering Program</p>	<p>The School of Finance, Government and International Relations proposes a Professional Volunteer Program, which offers our visiting students the opportunity to increase the sociocultural knowledge as a complement of their academic activities. The program allows students to work with some recognized Colombian and International NGO's such as Barefoot Foundation and Techo among others, getting to know the real needs of the most vulnerable Colombian population.</p> <p>The students receive academic credits for this activity. The number of credits will depend on the number of worked hours and completion of academic requirements during their experience. The registration process starts at the beginning of each semester.</p> <p>For more information, you can visit the program website: https://www.uexternado.edu.co/finanzas-gobierno-relaciones-internacionales/programa-voluntariado/</p>
<p>Election of Courses</p>	<p>Foreign students are authorized to select courses from different programs; however, they must take at least 60% of credits in the school of registration.</p> <p>The home institution must determine the exact number of courses or ECTS credits that students can take at Externado. Before coming at Externado, students must pre-select their subjects through the CONNEXT platform, by checking the Study Plans from the School of interest (Externado's Schools web pages).</p>

Full course load per semester

All the classes are taught on Campus. At this moment, we do not offer online courses or hybrid options.

Except different rules from home universities, an exchange student must take a full course load at Universidad Externado, which is equivalent to 18 credits per semester (around 6/8 subjects).

***1 credit =** An academic credit corresponds to a workload of about 48 hours, distributed as follows: 16 hours of class attendance, 32 hours of independent work. It means that for every direct academic hour with the faculty member, the student will assume 2 hours additional of independent work.
